SOPHISTICATED VILLAS WITH EXCEPTIONAL CONTEMPORARY DESIGN

AND PANORAMIC VIEWS

This exclusive development of detached four-bedroom villas stands out for its contemporary architecture, cutting-edge technology, and unrivalled views of both the sea and the mountains. Each property offers a truly unique living experience, where the natural beauty of the Mediterranean blends seamlessly with the comfort and elegance of a modern lifestyle, all within a truly privileged setting. Every villa has been thoughtfully designed to provide a spacious and light-filled interior, where the living room, dining area, and fully fitted kitchen with a breakfast nook flow together in a harmonious open-plan layout. Expansive, triple-aspect windows maximise natural light and showcase the panoramic views. The transition between indoor and outdoor living is effortless, thanks to generous covered and uncovered terraces, ideal spaces to relax and soak in the stunning sea views. Set within a gated community, these villas ensure privacy, security, and every modern convenience, including a private pool, lift, and dedicated parking. The location is exceptional: just a five-minute drive from the beach, ten minutes from renowned golf courses, and twenty minutes from Málaga International Airport. Mijas is a town that captivates with its exceptional microclimate, beautiful beaches, excellent golf facilities, and rich cultural heritage. It offers a perfect balance between traditional Andalusian charm and a modern way of life. Strolling through its whitewashed streets, charming patios, flower-filled gardens, and historic chapels is like stepping back in time, all while enjoying the tranquillity of the mountains and open views to the sea. Construction is already well underway, with completion scheduled for February 2026.
