PENTHOUSE IN AN UNIQUE OFF-PLAN PROJECT

Overlooking the meandering valley that naturally descends from the foothills of the Sierra de Mijas mountains, is where you will find this spectacular development, Valley Collection. Our unique off-plan project is so much more than just beautifully styled contemporary apartments; Valley Collection is a master planned eco-friendly community with first class infrastructure and support services designed to offer a superior quality of life. With more than 20,000 m² of landscaped green areas, Valley Collection is an exclusive project of 224 apartments. Comprising of 141 two-bedroom apartments, 45 three-bedroom apartments and 38 three bedroom penthouses. The units are distributed over four floor configurations constructed on platforms of varying heights to guarantee great views. The properties are located in small, intimate buildings with a perfect south or southwest orientation. Combining privacy and blending harmoniously into the beautiful surroundings. This community boasts 6 swimming pools in total and all the apartments will have two parking spaces and a storeroom. Keeping the impact on the environment low is as important to us as it is for our residents therefore this development is also BREEAM (Building Research Establishment Environmental Assessment Methodology) certified. In addition, included with the purchase of your property you will get a free lifetime family platinum membership so that you can enjoy the use of the unrivalled existing on-site amenities of Higuera Sport Club and Spa which is only a 3-minute walk away in an easterly direction.
