VILLA IN FUENGIROLA

This exciting new housing concept represents a harmonious fusion of luxury, sustainability, and innovation. This development consists of 36 homes distributed over 3 floors. Each villa is designed with 3 or 4 bedrooms. The villas extend from the ground floor to the solarium. Each home has its own private pool on the solarium level, where you can enjoy the hours of sunshine in complete privacy. The rooms are connected to spacious terraces, allowing you to immerse yourself in the bright and relaxing atmosphere that the Costa del Sol offers. Imagine having breakfast with sea views or gazing at the stars at night from your private terrace. The villas rise up to 4 levels, offering panoramic views of the Mediterranean. The southwest orientation guarantees that every day you can delight in the beauty of the surroundings. This urbanization is a dream come true for those seeking a luxurious life in harmony with nature. Here, elegance and modernity combine to create an exceptional atmosphere. BREEAM certification guarantees excellence in energy efficiency, materials, and construction management. Your home will be ecological, with a reduced carbon footprint and lower energy consumption. In short, these villas are not only living spaces but also a refuge where quality of life and connection with nature intertwine. Welcome to an exclusive lifestyle on the Costa del Sol!
