GROUND FLOOR APARTMENT IN CASARES GOLF

Located on the front line of the golf course in Casares Costa Golf, these 74 flats and 17 penthouses of 2 and 3 bedrooms, together with ground floors with gardens, offer a low building density that guarantees privacy and serenity. The communal areas, surrounded by nature, and the carefully designed interiors are designed to maximise the sea views, creating a calm atmosphere ideal for self-care and relaxation. All homes have large terraces or gardens, giving the interiors plenty of light and allowing you to enjoy the best views of the sea or the golf course, without compromising on privacy. From the inside, large windows and open spaces invite natural light to flood the spaces, while the depth of the views allows you to instantly connect with the landscape from the comfort of your home. Every detail has been carefully designed to maximise the sense of well-being, transforming every moment into a relaxing experience. The open plan configuration of the living rooms enhances the feeling of spaciousness and promotes family living. The Italian-style kitchens, fully equipped with high-performance appliances, project an understated elegance that extends throughout the home. This harmonious design creates a welcoming and sophisticated ambience where each space flows effortlessly, fostering connection within the home. The most private areas become spaces for reconnection and relaxation. A haven where every moment is enjoyable, thanks to the exquisite finishes and high quality materials. The master bedroom has an en suite bathroom and dressing room, while the secondary bedrooms, spacious and well oriented, invite seclusion and calm. Whether for sports or simply relaxing and enjoying the Mediterranean sun, the two large swimming pools offer stunning views over the communal areas, golf course and sea, surrounded by lush gardens. The fully equipped indoor gymnasium has multifunctional equipment and changing rooms, all designed for the wellbeing of the residents. In addition, the development offers a gourmet lounge as a leisure area, equipped with all the necessary amenities. There is also a chill-out area to relax and share with other members of the community. For golf enthusiasts, there is a simulator equipped with golf driving range, play on real courses, play online and fully customisable options. For barbecue lovers, the development has an outdoor area next to a garden, perfect for enjoying unforgettable moments outdoors. Entertainment and relaxation combine to offer an exceptional living experience.
